5. BOARD AND STAFF REPORTS

A. BOARD – President Howell reminded Trustees that it was time again to conduct the evaluation of the General Manager and explained that the Trustees would be receiving the evaluation forms. She requested that the forms be returned to her by June 16, 2021 in time for the Executive Committee meeting scheduled for the following week. She stated that the General Manager would be submitting the self-evaluation to all Trustees by the first week of June. She further encouraged all Trustees to participate on the evaluation by filling up the form that will come in the mail or the electronic form which will be sent by email to all Trustees.

B. GENERAL MANAGER – Manager Macedo provide an update on the Operations software and stated that training has been provided to employees weekly and the software will go live on May 24, 2021.

General Manager Macedo also provided an update on the status of legislative requests for dedicated funding to special districts. District is contributing to a coalition letter urging the Governor to use his transfer authority to the fullest extent to distribute funds to special districts. Efforts have been coordinated through MVCAC and CSDA.

General Manager Macedo updated the Board on the plans for reopening the District building to the public in June and measures the District has been putting in place.

C. STAFF – Reports were provided in the packet. Staff was present to answer any questions. President Howell asked for clarification on the mosquitofish service and whether any changes would occur when the District reopens to the public in June. General Manager Macedo explained that the mosquitofish service will not go back to the old service of allowing the public to come into the office to get fish, and, instead, would remain as a service that is provided by the field operators, who will provide an inspection prior to placing fish in any source. Trustee Carlston asked for clarification on the yellowjacket graph provided by the Operations report.

President Howell asked for clarification on the leaves provided by the District for COVID-related reasons. Administrative Services Manager Bagley explained the provisions of the leaves, President Howell asked if that included leaves for vaccination purposes, including not feeling well the day after vaccination, and Administrative Services Manager Bagley replied that yes, it does. Trustee Pay asked Scientific Programs Manager Schutz about the sentinel chickens at the flocks, whether they were new chickens. Scientific Programs Manager Schutz explained that the District uses new young chickens every season

so that they are free from West Nile virus antibodies. Trustee Carlston asked about the insect on page 44 of the report, which is a crane fly. Administrative Analyst II Martini communicated to the Board that she will be going on maternity leave and asked the Trustees to direct any questions to General Manager Macedo or Administrative Analyst I Areej AlBahrani, who will be conducting roll call and assisting with the Board meeting in the coming months.

D. LEGAL – None.

6. BOARD COMMITTEE REPORTS

- A. Budget Committee Report – The committee met on April 12, 2021 and reviewed the District's revenue sources and the current and projected reserves, including the past 10 years of revenue vs expenses. The committee discussed the variance between actual vs budget revenues. Administrative Services Manager Bagley proposed a methodology to be used when forecasting the property taxes, to assist the District and committee in having a closer projection of what may occur in the near future. Administrative Services Manager Bagley stated the methodology is needed because, in the past 10 years, the growth in property taxes varied widely from 3% to 15%. The committee also spoke about the reserves and how to better reflect the encumbrances. Administrative Services Manager Bagley proposed a change in the current way unusual items are classified. The committee is bringing that proposal for Board discussion. Administrative Services Manager Bagley clarified the methodology proposed for determining “unusual items”, explained on page 48 of the packet, and the desire of the committee to formalize the methodology. Discussion followed on the methodology for forecasting and whether there should be a formalized Board action to approve the use of that methodology. Trustees will have another chance to look at that and approve through the budget process.

*i. * Board consideration and approval of the methodology for classifying and presenting “Unusual Items”.*

** Motion was made by Trustee Clayton and seconded by Trustee Pay to approve the methodology for classifying and presenting “Unusual Items” in future Board packets. *Motion passed unanimously.*

- B. Personnel Committee Report – The Personnel Committee met on April 19, 2021 and had a closed session conference with labor negotiators to review the District’s position on salary and benefits for represented employees (California Government Code 54957.6(a)) and to discuss items pertaining to the General Manager’s performance pursuant to California Government Code 54857. There was no reportable action from the closed session.

i. * Board consideration and approval of the Human Resources and Risk Management Director position, job description, and salary range – the committee would like to recommend the addition of the position of Human Resources and Risk Management Director. Job description and salary range can be found on the packet. Trustee Clayton asked for clarification of the position title, specifically referring to the addition of “risk management”. Administrative Services Bagley explained how risk management fits within human resources, working with benefits, workers compensation, insurance, etc. Trustee Clayton asked if this position will be involved in future negotiations with represented employees. General Manager Macedo answered that this position will be responsible for employer-employee relations, but we will likely maintain a third-party negotiator also.

** Motion was made by Trustee Pellegrini and seconded by Trustee Carlston to approve the position of Human Resources and Risk Management Director, job description and salary range. *Motion passed unanimously.*

C. Advance Planning Committee Report – The scheduled March 22 meeting for the Advanced Planning Committee was cancelled. Committee Chair Murray provided an update from the meeting on April 26, 2021, when the committee discussed the progress on the 5-year plan. At the committee meeting, Chair Murray lead a discussion on the involvement and roles of the Board and the Board’s standing committees, made suggestions and asked for feedback from the committee. General Manager Macedo presented the progress on the strategic plan, committee members discussed and offered suggestions. General Manager Macedo requested feedback from the committee on the District’s strengths, limitations, opportunities and threats, to be discussed at the next meeting.

7. ADJOURNMENT – 7:54 p.m.

I certify the above minutes were approved as read or corrected at the meeting of the Board held on July 12, 2021.

Contra Costa Mosquito and Vector Control District

Community opinion survey report on results

From Friday, May 28 through Wednesday, June 2, 2021 J. Wallin Opinion Research conducted a telephone survey of voters throughout Contra Costa County, California

We interviewed 400 respondents using live, professional interviewers, speaking Spanish and English languages and calling both mobile and landlines (59.8% of this survey was completed on mobile phones). A survey of this size yields a margin of error of +/-5.7% (95% confidence interval). Our sample is stratified, meaning that the demographic composition of our results matches the demographic composition of the region we surveyed.

J. Wallin Opinion Research performs research on behalf of business, government and political clients.

for the Benefit of Four Zones and to Continue
the Financing of the Project by Continued
Assessment upon Property within the District**

RESOLUTION 21-2

At a meeting of the Board of Trustees of the Contra Costa Mosquito and Vector Control District, a special district organized and existing under the laws of the State of California, held virtually on the 12th day of July 2021, a quorum being present, the following Resolution was adopted:

WHEREAS the Contra Costa Mosquito and Vector Control District (the "District") is an independent special district formed and governed pursuant to California Health and Safety Code Section 2000, et seq.; and

WHEREAS the District's jurisdiction encompasses all that area lying within the boundaries of Contra Costa County; and

WHEREAS the District is governed by a Board of Trustees representing the cities and the county of Contra Costa County; and

WHEREAS, the District is authorized to take all necessary and appropriate action to control mosquitoes and other vectors within the District boundaries; and

WHEREAS, mosquito and vector surveillance and control are necessary on a continuous, routine, and area-wide basis to enhance the economic development, recreational use and enjoyment of property and the protection of health; and

WHEREAS, California Health and Safety Code Section 2291 provided at the time of adoption of Resolution 96-5 that the District could conduct vector surveillance and control projects, and Section 2291.1 provided that the District Board could determine whether a project is for the common benefit of the District as a whole or for the benefit of one or more zones, and Section 2291.2 provided that the District could finance the cost of vector surveillance and control projects by assessment upon property; and

WHEREAS, by Resolution 96-5, adopted June 17, 1996, the District instituted a mosquito and vector surveillance and control project for the benefit of four zones and assessments to finance such project; and

WHEREAS, Resolution 96-5 was adopted after proper notice and hearing; and

WHEREAS, the Board has received and reviewed an Engineer's Report of Francisco & Associates, Inc., dated July 12, 2021 (Engineer's Report), attached hereto, and incorporated herein by this reference concerning the mosquito and vector surveillance and control project.

NOW, THEREFORE, BE IT RESOLVED BY THE BOARD OF TRUSTEES OF THE CONTRA COSTA MOSQUITO AND VECTOR CONTROL DISTRICT as follows:

1. The District Board hereby accepts the Engineer's Report of Francisco & Associates dated July 12, 2021 (Engineer's Report).
2. The District Board hereby determines to continue the mosquito and vector surveillance and control project adopted by Resolution 96-5 and the assessments levied pursuant to Resolution 96-5, as updated by the Engineer's Report dated July 12, 2021, for fiscal year 2021-2022, beginning July 1, 2021.
3. The amounts of assessments levied upon parcels for fiscal year 2021 – 2022 shall be based upon assessment units, as indicated in the Engineer's Report.
4. The District Board hereby finds that the amounts of assessments upon parcels as hereby adopted and as set forth in the Engineer's Report are in accordance with the provisions of Resolution 96-5.

I, DANIEL PELLEGRINI, the undersigned Secretary of the said Board of Trustees of the Contra Costa Mosquito and Vector Control District, a special district, hereby certify that I am the Secretary of said special district, the foregoing is a full, true and correct copy of the Resolution passed by the Board of Trustees thereof at a meeting of said Board held on the day and at the place therein specified, and that said Resolution has never been revoked, rescinded, or set aside, and is now in full force and effect.

June 2021 Mosquito and Arbovirus Surveillance Report

Updated June 25th by Steve Schutz, Ph.D., Scientific Programs Manager

Human cases: No human cases of West Nile virus have been reported in California this year, as of June 25th.

Equine cases: No equine WNV cases have been reported this year.

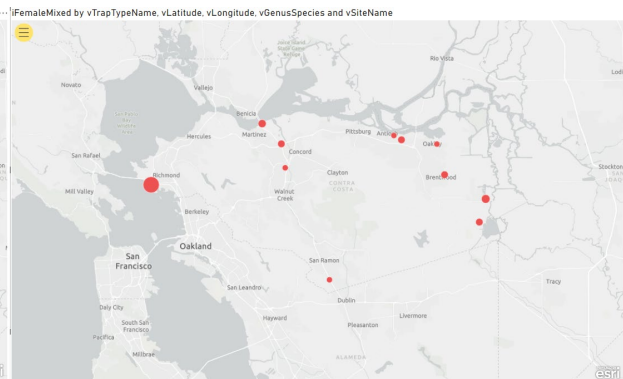

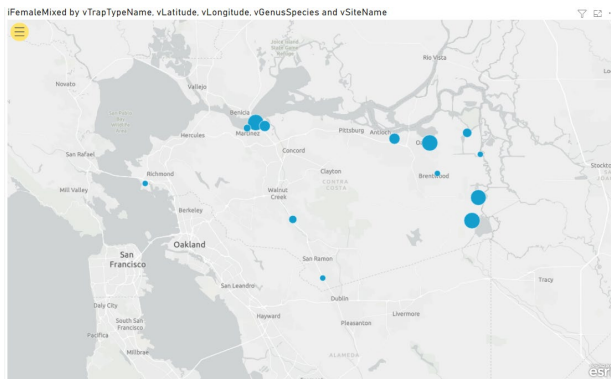

Dead birds: The telephone hotline and bird testing program resumed operation on April 12th. So far 15 dead birds have been picked up and tested negative (blue 'D'; blue circles with numbers represent multiple birds submitted in the vicinity). Early in the season we commonly receive baby birds that have fallen or were pushed out of the nest; they are rarely positive for WNV.

Light trap counts: Twenty-three traps continue to be being operated daily year-round, with collections made weekly by field technicians. *Culex tarsalis* counts so far this year have been close to or below the 5-year average, while *Culex pipiens* counts were above average early in the season (although well below one female per trap-night).

Carbon dioxide traps: Weekly trapping resumed on June 7th. Counts of *Culex tarsalis*, *Cx pipiens* and *Aedes melaninon* have been at or below 5-year averages, while *Aedes dorsalis* peaked above average in mid-June (primarily in Waterfront salt marsh areas).

Culex tarsalis collection sites

Culex pipiens collection sites

'Random' traps: Weekly 'random' trapping is being conducted by Operations employees in selected areas.

Mosquito testing: So far this season 32 pooled mosquito samples from our CO₂ traps have been submitted for testing. All have tested negative to date.

Larval samples: Lab staff continues to process larval samples collected by field employees daily. In addition to species identification, larval samples are also used to monitor the effectiveness of our larval control program (pre- and post- treatment sampling)

Sentinel chickens: One flock out of four (Holland Tract) has been wiped out by predators and is currently 'offline'. Statewide, no chickens have tested positive so far this season.

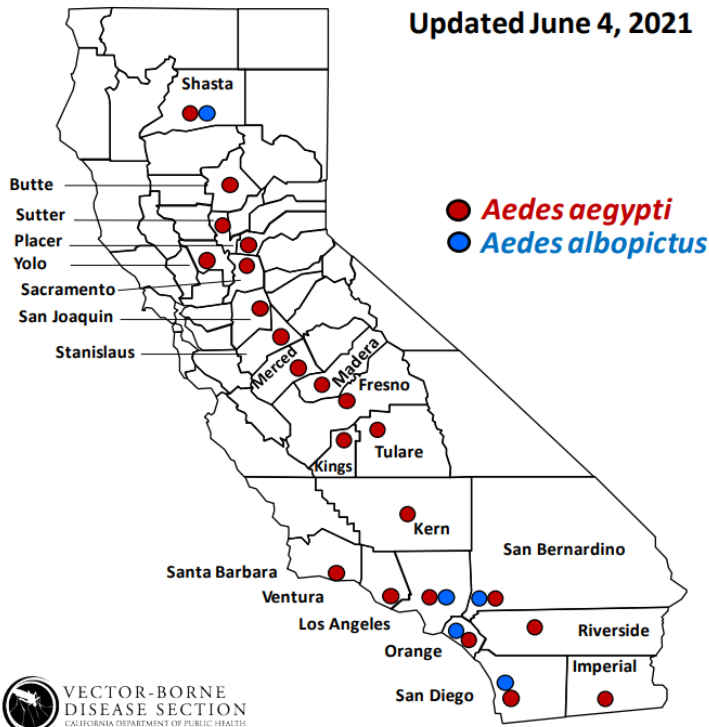

Other projects: Lab staff has collected ticks for CDPH, University of California and University of Nevada-Reno projects on *Rickettsia* and is also providing adult and larval mosquitoes of various species to North Carolina State University for a genetic study on species distribution in North America. We are also evaluating the Surveillance and Laboratory modules of the new MapVision (Leading Edge) software. We are currently collecting high-resolution photographs of key characteristics of California mosquito species, for eventual inclusion in a photographic version of the keys revised by the Scientific Programs Manager on the Identification Guide to Mosquitoes of California for the MVCAC.

Weather conditions: Current average overnight low temperatures now exceed the 55 degree virus incubation threshold for West Nile virus, and we have already seen evidence of WNV transmission in neighboring Central Valley counties where it is slightly warmer. Rainfall is well below average this year (drought conditions).

Invasive *Aedes*: We will continue to set 'BG Sentinel' traps at suspect locations as needed, but have not yet seen any evidence of invasive *Aedes* species in Contra Costa County. Statewide, *Aedes aegypti* continued to spread last year, with new reports in 2020 from Santa Barbara and as far north as Shasta, and new areas in Sacramento including Isleton.

June 2021 Operations Report

Prepared July 1st by David Wexler, Terry Davis, and Jeremy Shannon
Program Supervisors

Highlights:

- During the month of June, operations focused on the new Mapvision program. To date, all of the main program workflows are working. As employees come across problems, they are resolved in a timely manner.
- Heat Illness prevention sessions conducted, as we experience multiple days of 100+ degree temperatures.
- Beginning July 6th we will begin a soft launch of the new zones, which incorporate the rodent program with the other programs. The skunk program will remain the same. Technicians/Inspectors will be responsible for all Mosquito, Rodent, and Yellowjacket services within their assigned zone - the main goal for this transition is to improve services to the community by reducing the need for multiple technicians to go to the same location to perform work. Additional anticipated benefits include reduced travel time, reduced fuel usage, increased productivity, and improved response time to the public.
- During this drought period, we are seeing an increased amount of *Aedes dorsalis* production in the marshes.
- Jeremy Shannon, previously Vector Control Planner, was promoted to Program Supervisor and joined the team on July 1st.

Mosquito Program:

- June 2020- 90 Service Requests
- June 2021- 65 Service Requests inspection/Stocking
 - 27% decrease
- There were 26 requests by the public for mosquitofish in June 2021

Rodent Program:

- June 2020 - 87 Service requests
- June 2021 - 63 Service requests
 - 18% decrease

Skunk Program:

- June 2020: 59 Request for service
- June 2021: 28 Request for service
 - 52% decrease

Yellowjacket Program:

- June 2020: 86 requests for service
- June 2021: 78 requests for service
 - 9% decrease

- Nextdoor

The District is currently using a free Business account with limited reach; however, the Public Affairs staff are applying to participate in a Special Districts program for a fee through Nextdoor that would allow for more widespread dissemination of District messaging, while messaging can also be delivered to specific zip codes when necessary.

The last Nextdoor statistics available for June are:

- 173 Recommendations
- Reach: Most recent post sent to 21 Neighborhoods
- Reach: Most recent post appears on the accounts of 6966 Neighbors

We did not have a Nextdoor business account in June 2020 for comparison.

The current business account does not allow the District to see or respond to comments.

June 2021 Administration Department Report

Prepared June 30th, 2021 by Maria Bagley, Administrative Services Manager

- **COVID-19**

On June 17, 2021, California Occupational Safety and Health Administration's Standards Board (Cal OSHA) issued updated guidance on workplace COVID-19 standards. The standards required an update to the CCP plan, and requires employers to provide respirators as needed or requested by employees. The update also had some alignment with CDC for vaccinated employees, allowing employers to document that employees are fully-vaccinated and eliminating the mask mandate for those employees. One of the most impactful changes in the updated rule is to eliminate physical distancing requirements which will allow the District to repurpose the Board room.

- **New Fiscal year means lots of administrative work...**

The Administration department is preparing for the end of the year fiscal audit, and updating the payroll system for the new year. Quarterly taxes and reports will be done at the end of July.

- **IT & Software**

IT has received the order for new phones and will be issuing to staff in July. There was a delay due to the chip shortage that postponed staff upgrades.

SAP Concur goes live on July 1, the District staff has completed all parallel testing and with some configuration changes the launch is expected to go off smoothly for the end users.

Implementation of the operational software MapVision is in full swing. The District is working with MapVision to work out some work flows and the community online service request page.

- **New Hire**

The new hire for the Laboratory technician starts on July 1. Front office did the majority of the onboarding process digitally, as the continuation of automation is still occurring for all processes!

- **Continuing with automation opportunities**

Front office staff is continuing to look for opportunities to automate processes; the next step is to look at the District's contract billing and move that into the Accounting software for the billing purposes. The front office is waiting for Map Vision to develop an API link between MapVision and Sage Accounting software to allow billing to be fully automated based on what actions the field technicians perform.

- **General**

The District is continuing to digitalize all records and files and reorganize them. The ability to have access to these files at any time has enabled us to respond faster to requests from all customers, residents and vendors. We are continuing to increase our organizational efficiency, by working on our systems and processes one project at a time. We will be continuing this process throughout 2021.

Re: Side Letter to the Current Memorandum of Understanding – Salary Schedule

Dear Mr. Nunez- Babb:

This letter confirms the agreement reached between the Contra Costa Mosquito Vector Control District and SEIU local 1021 to create five percent (5.0%) between steps in the existing salary schedule, along with some minor cleanup language in Section 6 of the memorandum of understanding.

Specifically, it is agreed that the below language will replace Section 6 of the current memorandum of understanding, as follows:

Section 6. Salaries

6.1 Salary schedule

The salary schedule will be attached as Exhibit A. There is five percent (5%) between steps.

6.2 Entry Salary Rate

Except as herein otherwise provided, the entry salary for a new employee entering the classified service shall be the minimum salary for the class to which the employee is appointed. When circumstances warrant, the District Manager may approve an entry salary that is more than the minimum salary for the class to which that employee is appointed. Such a salary may not be more than the maximum salary for the class to which that employee is appointed.

6.3 Salary Rate Conversion

Any monthly, daily, or hourly rate of pay may be converted into any equivalent rate of pay or to any other time basis when such a conversion is advisable. In determining equivalent amounts on different time basis, the District shall provide tables or regulations for the calculation of payment for service of less than full time, and for use in converting monthly salaries to hourly rates as well as for calculating hourly rates.

6.4 Salary Advancement

Regular full-time and probationary employees serving in regular established positions shall be considered by the appointing authority on their salary anniversary dates for advancement to the next higher step in the salary range for their respective classes. The criteria for advancement from one step to the next and to maintain that step is a satisfactory performance appraisal at the present step.

Each employee shall be considered for salary step increases according to the date of that employee's appointment, or his/her revised salary anniversary date. If an employee begins his/her service later than the first business day of a month, or has changes that would cause his/her salary anniversary date to be on other than the first business day of a month, then his/her salary anniversary date shall be established as the first day of the following month.

Changes in an employee's salary because of promotion, demotion, postponement of a salary step increase, or special merit increase will set a new salary anniversary date for that employee, which date shall be as stated in the preceding paragraph.

Salary range adjustments for a classification will not set a new salary anniversary date for employees serving in that classification.

An employee may be moved higher within the salary ranges in a shorter time period than outlined herein, provided that the employee possesses the necessary experience, skills and abilities, and that the employee meets the criteria outlined for the higher position, as determined by management.

6.5 Salary Following Military Leave

All employees who have been granted a military leave shall, upon their return to the District service, be entitled to the automatic salary advancements within the range scale of the established wage schedule of their classifications for the period they were in the military service.

6.6 Salary Step When Salary Range is Increased

Whenever the monthly schedule of compensation for a class is revised, each incumbent in a position to which the revised schedule applies shall be entitled to the step in the revised range that corresponds to the employee's step held in the previous range.

6.7 Salary Step After Promotion or Demotion

When an employee is promoted from a position in one class to a position in a higher class, and at the time of promotion is receiving salary equal to, or greater than, the minimum rate for the higher class, that employee shall be entitled to the next step in the salary scale of the higher class which is at least five percent (5%)

above the rate the employee has been receiving, except that the next step shall not exceed the maximum salary of the higher class.

When an employee is demoted, whether such demotion is voluntary or otherwise, that employee's compensation shall be adjusted to the salary prescribed for the class to which the employee is demoted, and the specific rate of pay within the range shall be determined by the District Manager.

6.8 Salary on Transfer

An employee who is transferred to a position in a class with the same entry salary shall be paid at his/her present rate, or at the next higher rate in case there is not exact conformity between the two corresponding rates in the salary ranges of the classes.

6.9 Salary on Reinstatement

If a former employee is reinstated in the same position previously held or to one carrying a similar salary range, his/her salary shall not be higher than his/her salary at the time of his/her separation unless there has been an increase within the salary range.

6.10 Overtime

(1) Overtime Definition

The following provisions pertaining to authorized overtime work shall apply to those employees whose normal work period is eight (8) hours per day and forty (40) hours per week.

(a) Time worked in excess of eight (8) hours in any workday or forty (40) hours in any workweek shall be paid for at time and one-half (1½) of the employee's regular rate of pay.

(b) On a holiday observed by the District, a regular full-time employee shall be paid for a regular day plus time and one-half (1½) for actual time worked.

(2) Overtime Authorization

In advance of overtime being worked, the District Manager or designated representative must authorize all overtime. If prior authorization is not feasible because of emergency conditions, a confirming authorization must be made on the next regular working day following the date on which the overtime was worked.

(3) Assignment of Overtime

When overtime work is necessary, the designated zone technician/inspector will have the first right of refusal for the overtime work within the assigned zone. If the designated zone employee is unable or does not wish to perform the work assignment or if additional help is needed to complete the work, it shall be

offered on the basis of seniority in accordance with the District's policy and procedures on assignment of overtime. If all other qualified employees decline the assignment, the least senior employee qualified to perform the work shall be required to perform the assignment.

If this is your understanding of the agreement reached, please sign and date as indicated below and return one original to the General Manager. I have enclosed an additional original for your files.

Contra Costa Mosquito and Vector Control District
Investment Policy

Investment Policy (Adopted: _____)
Rev: June 14, 2021

Overview

The purpose of the Investment Policy (Policy) is to establish cash management and investment guidelines of the Contra Costa Mosquito and Vector Control District (the "District") for funds not required for immediate disbursement or use. The District will manage funds in accordance with applicable sections of California Government Code as stated herein. All portfolio activities will be judged by the standards of the Policy and its ranking of investment objectives. This policy is to be accountable and auditable.

Exclusions:

The regulation codified in this chapter does not apply to the investment of the District's Other Post-Employment Benefits (OPEB) Trust funds.

Purpose/Objectives

The purpose of the Policy is to establish guidelines for investment of all excess and investable cash reserves.

The objectives of the District's investments are first to provide for the safety and security of all funds; second, to provide sufficient liquidity to meet the District's cash requirements at all times; and third, to maximize yield in a diversified manner to the extent allowable by law, and consistent with prudent fiscal management.

Deleted: .

Investments' Compliance with the Law

The investment and deposit of funds of the District and the sale of bonds, notes and other evidence of indebtedness shall be in accordance with all applicable law, generally including, without limitation, California Government Code sections 53600 - 53692. California Government Code section 53601 provides specific authority for investments that may be made by the District.

Authority to Invest

The Board of Trustees, acting in its capacity as a fiduciary and Government Code section 53607, delegates the management and control of the District's investments to the General Manager and the Administrative Services Manager, who shall be responsible for the investing, reinvesting, purchasing, acquiring, exchanging, selling, or managing of the public funds placed under their control. The General Manager / Administrative Services Manager shall thereafter make all reports required by law to the Board of Trustees and maintain written procedures for the operation of the investment program. The General Manager / Administrative Services Manager shall be responsible for all transactions undertaken and shall establish controls to regulate the assignments to and activities of subordinates. The General Manager / Administrative Services Manager, with the approval of the Board of Trustees, may engage an investment advisor to assist with the District's investment program. As authorized by the General Manager / Administrative Services Manager, the investment advisor will have responsibility for managing designated funds and executing day-to-day investment transactions. The investment advisor shall follow this investment policy and such other written instructions as are provided.

Investment Guidelines- Deposit of Funds

Prudence:

When investing, reinvesting, purchasing, acquiring, exchanging, selling, and managing public funds, the

General Manager and Administrative Services Manager, in accordance with the authority delegated above, shall act with the care, skill, prudence and diligence under the circumstances then prevailing, that a prudent person acting in a like capacity and familiarity with those matters would use in the conduct of funds of a like character and with like aims, to safeguard the principal of the funds under their control, their control and to maintain the liquidity needs of the District. (Government Code Section 53600.3 and 53600.5)

Qualified Institutions:

In selecting depositories, the solvency and credit worthiness of each shall be considered and a review of credit characteristics and financial history will be performed. Annually, the District will review all financial institutions doing business with the District and review their most recent report on their financial condition. If it is a publicly traded entity, the District will look at its credit worthiness using two independent firm ratings. To the extent possible, the District will deposit funds with institutions having offices within the territory of the District, subject to providing for the safety, liquidity, and yield of the deposited funds consistent with this Policy.

Securities dealers and investment brokers utilized by the District must be members of a federally regulated securities exchange. If an investment advisor is authorized to conduct investment transactions on the District's behalf, the investment advisor may use their own list of approved broker/ dealers and financial institutions for investment purposes. All securities dealers and investment brokers shall operate as a fiduciary for the District.

Collateralization:

For deposit accounts in banks and savings and loans associations, amounts in excess of Federal Deposit Insurance Corporation (FDIC) maximums shall be collateralized in accordance with California Government Code Sections 53630 et seq.

Investment Instruments:

To diversify the District's investment portfolio to ensure maximum safety of District funds, the District may invest in the instruments below. For those which are limited to a percent of the portfolio, the percentage limits apply as of the date that the investment was purchased.

Maturity Scheduling:

Investment maturities for operating funds shall be scheduled to coincide with projected cash flow needs. Where no maturity limit is stated in this Policy, no investment shall exceed a maturity of five years from the date of purchase unless the Board of Trustees has granted express authority to make that investment either specifically or as a part of an investment program approved by the Board of Trustees no less than three months prior to the investment. Investments shall be made with the intent of holding them to maturity. This policy recognizes that in a diversified portfolio, investments may be sold prior to maturity provided that such sales are consistent with the District's overall investment objectives.

Investment Rating Changes:

Should an investment subject to minimum acceptable ratings fall below that minimum rating prior to maturity, parameter shall be obtained from the Board of Trustees to establish the conditions under which that investment would be sold prior to maturity. The intent of the parameter would be to and mitigate any potential loss to the District funds.

Deleted: preserve the investment's original principal.

Annual Review of District Investment Policy and Compliance / Controls

The Budget Committee is responsible for reviewing the Investment Policy annually and for recommending approval or policy changes to the full Board of Trustees at a subsequent Board meeting.

Management will provide the Board of Trustees investment statements and accounting of cash flow in all accounts at each Board meeting (Bi-Monthly). The Administrative Services Manager will be the primary individual responsible for monitoring cash balances and monitoring of investment transactions. Reporting will be done by a member of the Administration staff other than the manager, enabling a check and balance control method. In addition, the District will annually seek and receive a third party review of all investment activities from an independent professional auditing firm.
