FOGGING FOR MOSQUITOES TO BE CONDUCTED TUESDAY IN CENTRAL CONTRA COSTA COUNTY

WHAT/WHY: Due to high numbers of adult mosquitoes being detected and associated elevated risk of West Nile Virus in the county and surrounding areas, the Contra Costa Mosquito & Vector Control District will be fogging by truck to control adult mosquitoes.

WHEN: Tuesday, October 10. Fogging will take place between dusk (approx. 6:30 PM) and midnight, weather permitting.

WHERE:

1. In Concord: the area bordered by Monument Blvd. to the north, Detroit Avenue to the east, Chalomar Road and Keswick Lane to the south and Gardenia Lane, the west end of Rosemary Lane and Orange Street and Oasis Drive to the west
2. In Concord: the area bordered by Kimball Way and Joan Avenue on the north, Cape Cod Way on the east, Hitchcock Road and Liscome Way on the south and Francis Drive, Lancashire Drive and Kimball Court on the west.
3. In Pacheco/Martinez: the area bordered by Hwy 680 on the west, Emshee Lane on the north, Pacheco Slough on the east and Imhoff Drive and the Contra Costa Sanitation District on the south.
4. In Martinez: the area bordered by Goree Court and Arthur Road on the north, Irene Drive and Palms Drive on the east, Arthur Road and Leabig Lane on the south and Pacheco Blvd. on the east.
5. In Pleasant Hill: the area bordered by Harriet Drive and Ellinwood Drive on the north, Hwy 680 on the east, Gregory Lane on the south and Patricia Drive, Leslie Drive and Ruth Drive on the west.

TREATMENT: will be made with truck-mounted ultra-low-volume equipment using [Pyrenone 25-5 Public Health Insecticide](#) (pyrethrin) applied at a rate of 0.75 oz/ acre.

ACTION REQUIRED BY RESIDENTS: None. All products used are approved by the Environmental Protection Agency for the use of controlling mosquitoes and protecting public health.

MAPS/INFO: Visit the District's website at www.ccmvcd.dst.ca.us to see maps of areas to be fogged/sprayed, as well as all West Nile virus activity/cases in Contra Costa County for 2006.
