FOGGING FOR MOSQUITOES TO BE CONDUCTED IN OAKLEY TOMORROW

WHAT/WHY: Due to the high number of nuisance mosquitoes in the area, the Contra Costa Mosquito & Vector Control District will be fogging by truck to control adult mosquitoes.

WHEN: Thursday, September 4, 2008. Fogging will take place between 5:30 a.m. and 6:45 a.m., weather permitting.

WHERE: Oakley:

The area bordered by Sandmound Boulevard on the north, Sandmound Boulevard on the east, Bethel Island Road on the west and Rock Slough on the south

TREATMENT will be made with truck-mounted ultra-low-volume equipment using [Pyrenone 25-5 Public Health Insecticide](#) (pyrethrin) applied at a rate of 0.75 ounces per acre.

ACTION REQUIRED BY RESIDENTS: None. All products used are registered with the Environmental Protection Agency for the use of controlling mosquitoes and protecting public health

MAPS/INFO: Visit the [District's Web site](#) to see maps of areas to be fogged/sprayed, as well as information on all West Nile virus activity/cases in Contra Costa County.

MEDIA OPPORTUNITIES: Visit the District Web site's [media page](#).
